

## PROFESSIONAL SERIES WATER SOFTENERS

- **Easy to Program.** Just push the button to set the time of day and hardness... You're Done!  
Control valve designed for minimum water and salt usage..
- **Optional Advanced Programming.** Adjustment of each cycle duration; regeneration time; and days over-ride.
- **Salt Shelf.** Allows the use of inexpensive salt and reduces the chance of salt bridging and mushing.
- **Quick Release Drain Fitting.** No threads to leak. Merely pull clip to remove drain fitting.
- **Push-In Brine Line Fitting.** Eliminates confusing ferrules and nuts that can cause leaks.
- **Rugged Valve.** Motorized piston for years of trouble free service.
- **Vortex Distributor.** Scrubs the resin each generation to extend the life of the softener.
- **Stainless Steel Bypass.** Operates with single handle. 1" female threads.
- **Rugged Resin Tank.** Fiberglass construction, will never rust or corrode.
- **Safety Brine Valve.** Eliminates messy overflow should a malfunction occur
- **Self Leveling Base.** Compensates for unlevel floor.
